

Husqvarna CF 11 M

Husqvarna CF is an electrically-powered frequency converter that enables you to power up your concrete vibrator system anywhere. The converter comes equipped with one to four outlets for powering AX and Vibrastar 42 Volt/200 Hz high-frequency electric systems. A permanent magnet delivers stable power.

Reset button for extra safety

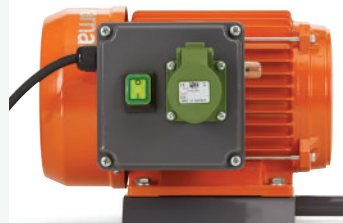

In case of a voltage drop, the convertor does not restart until the reset button has been pressed.

Protection from overheating

For extra safety, the convertor features built-in protection that prevents overheating.

Reliable output

Delivers stable output when connected to the main socket – 1-phase or 3-phase, depending on model.

FEATURES

- Reliable output
- Protection from overheating
- Reset button for extra safety
