

Husqvarna AA

Husqvarna AA is a series of premium mechanical pendulum concrete vibrators designed for heavy-duty applications and demanding sites. Powered by modern petrol or diesel drive units, it offers high performance and usability. The ergonomic design reduces vibrations, while the use of durable materials contributes to a long service life. It also features a durable quick coupling with flexible shaft.

Designed to perform

The conical shape of the pendulum raceway increases the friction area within the vibrator head to help maintain speed and prevent a loss in rpm.

Extend your reach

A length six-metre hose provides excellent reach around the worksite, giving you more control. ter hose provides excellent reach around the worksite, giving you more control.

Technical Specifications

SPECIFICATIONS

Frequency	9200
Vibration value	3.16 m/s ²

DIMENSIONS

Tube diameter	75 mm
Tube weight	9

SOUND AND NOISE

Sound power level, measured	75.7 dB(A)
-----------------------------	------------

PACKAGING

Packaging length	900 mm
Packaging width	700 mm
Packaging height	100 mm
Packaging volume	63 dm ³

ACCESSORIES

HUSQVARNA AMG 3200
