

Husqvarna BV 30

BV 30 is a versatile, petrol-driven walk-behind concrete power screed designed to deliver a high-quality slab. It is equipped with a twin de-vibrated and foldable handle, which can be adjusted for comfort and manoeuvrability. Interchangeable blades allow for five different working widths, while the non-corrosive chromed steel handle provides maximum strength and superior finish.

Quality and durability

The non-corrosive, chromed steel handle provides maximum strength and a superior finish.

Multiple working widths

Interchangeable blades allow you to make use of five different working widths.

Operator friendly

The twin de-vibrated and foldable handle can be easily adjusted for comfort and manoeuvrability.

User and service friendly

As part of the user- and service-friendly design, the petrol drive unit is fixed on an interchangeable screed blade with only two screws.

FEATURES

- Operator friendly
- Multiple working widths
- Quality and durability
- User and service friendly
