

Husqvarna BV 30i

The battery-powered BV 30i provides improved ergonomics, easy operation and low maintenance. Thanks to its easy manoeuvring, zero CO emissions during use and no need to purchase and fill oil and petrol, this machine stands for a better work environment. It also enhances flexibility, as it can be used indoors, operates on batteries that fit other Husqvarna battery products and is compatible with all existing BV 30 screed profiles. BV 30i requires very low maintenance. Thanks to its battery-powered engine, there are less wear parts, no oil changes needed and the risk of using the wrong fuel is a thing of the past.

Flexible battery system

Powered by Husqvarna's own BLi200 and BLi300 batteries, which are compatible with other Husqvarna battery products. Two different chargers are available, QC330 and QC500 (fast charger).

Easy operation

The light-weight body and the ergonomic, adjustable handle with cruise control function and intuitive display allow for easy operation.

Zero CO emissions during use

Enjoy the freedom of working with an electric machine. Explore the potential of new applications by running the machine indoors or in urban areas where emissions or noise levels might be regulated.

Multiple working widths

Interchangeable blades allow you to make use of five different working widths.

FEATURES

- Zero CO₂ emissions during use
- Easy operation
- Flexible battery system
- Multiple working widths

Technical Specifications

DIMENSIONS	
Product size width	700 mm
Product size height	1300 mm
SOUND AND NOISE	
Sound power level, measured	108 dB(A)
Sound pressure level at operators ear	90 dB(A)
VIBRATIONS	
Vibrations left/front handle	1.5 m/s ²
Vibrations right/rear handle	2.5 m/s ²
PACKAGING	
Packaging length	1200 mm
Packaging width	800 mm
Packaging height	450 mm
Packaging volume	102 dm ³
