

## HUSQVARNA 530iPX

Agile and lightweight battery-powered forestry clearing saw with truly professional performance. Offers high chain speed plus balance, lightness and low vibration for easy, precise work free from noise and direct emissions. Especially suited for uneven and dense terrain where superior freedom of movement is needed.

### Engine

Battery voltage	36 V
-----------------	------

### Battery

Battery voltage	36 V
Battery type	Li-Ion

### Sound and noise

Sound power level, guaranteed (LWA)	101 dB(A)
Sound power level, measured	100 dB(A)
Sound pressure level at operators ear	96 dB(A)

### Equipment

Chain speed at max power	20 m/s
Chain speed at max power	20 m/s

### Dimensions

Product size width	18 cm
Product size height	18 cm
Product size length	159 cm
Product size length	159 cm
Weight (excl. cutting equipment)	3.1 kg
Weight (excl. battery and cutting equipment)	3.1 kg

### Articles for 530iPX

## Features for 530iPX

---

### savE™

Choose between normal or savE™ mode, depending on conditions, for maximum power or maximum runtime. Either way, you'll always get a perfect result.

### Intuitive key pad

The key pad is very easy to operate.

### Battery through body design (Pat.pend.)

Smart battery pack position, placed horizontally through the body of the machine. Reduces the risk of having dirt, chips, dust and water accumulate in the battery compartment, causing connector issues. Also, it means the weight of the battery can be placed in or near the desired center of gravity and in the rotational axis of the product, resulting in increased maneuverability. The through body design also offers a high degree of flexibility since it allows battery packs of different sizes to be used.

### Efficient brushless motor

Our in-house developed, advanced brushless motor is 25 % more efficient than a standard brush motor. This means that the motor provides a high and consistent torque.
