

Husqvarna HTC RX8

HTC RX8 is the largest model of the grinders with Duratig Technology, which stands for operational reliability, precision, control and power. It is a planetary grinder with four grinding discs. The machine features remote control and an intuitive digital control panel which gives you continuous feedback and thus control over the grinding process. The completely dustproof, hermetically sealed design of the grinding head and the electrical cabinet protects vital components and extends their lifetime. The well-balanced chassis design makes the HTC RX8 floor grinder easy to operate, with superior ergonomics and advanced safety features.
