

Husqvarna WL 8i

Convenient portable battery-powered work light that is easy to carry and position. Adjustable height between 1.35 to 3 m thanks to the optional tripod accessory. Easy to change from flood light to 360 degree area light with diffused light. Built-in power bank with USB outlet to charge mobile devices. Water and dust resistant. Mechanical impact protection according to EN62262 IK07.

BLi battery eco-system

As part of the BLi battery eco-system you have yet another possibility to expand the usage of your Husqvarna batteries. Compatible with BLi10, BLi20, BLi30, BLi100, BLi200, BLi300 Husqvarna batteries.

Versatile and flexible

Movable light with 120 degrees rotating head for adjustable light angle. The built in hook allows suspension of the lamp for flexible positioning, with possibility to mount on tripod. Diffuser accessory transforms the flood light into an area light.

Powerful illumination of the work site

160 LED lights with a combined light of up to 8000 lm and up to 48 hours operating time. 3 light settings, and memory function ensuring it always returns to the latest setting when switched on.

FEATURES

- Powerful illumination of the work site
- Versatile and flexible
- BLi battery eco-system
