

Husqvarna AME 600

AME 600 is a portable electric drive unit for the modular flex-shaft concrete vibrators in the HA series. The low weight and straightforward design makes it easy to use. Just attach the HA vibrator head's shaft to the quick coupling, then plug the cable into a regular 1-phase socket, and it's ready to do the job.

Easy to assemble and use

Comes equipped with quick couplings for easy assembly, and a shoulder strap for increased comfort and convenience.

Extend your reach

The drive unit comes equipped with a five-meter long cable to provide you with excellent reach and control.

Operator friendly

The padded rubber handle is designed to reduce vibrations in your hands and arms.

Low weight

AME 600 is Husqvarna's lightest drive unit. Ideal for small areas.

FEATURES

- Operator friendly
- Easy to assemble and use
- Extend your reach
- Low weight
